

MEET SILICON VALLEY

Meet Silicon Valley is a 10-day, intensive acceleration exchange program that is implemented by INJAZ Egypt, in partnership with TechWadi, and sponsored by U.S. Embassy Cairo. The program takes high impact Egyptian entrepreneurs (ages 23 to 35) on a tour of the Silicon Valley entrepreneurship ecosystem - providing a once in a lifetime opportunity to network with tech executives and investors, entrepreneurs, and ecosystem builders/supporters; visit accelerators, co-working spaces, and leading tech companies such as Google, Facebook, and Apple; and receive mentorship from TechWadi. Additionally, participants have the ability to gain global exposure for their startups. The program covers the costs of a roundtrip flight from Egypt to Silicon Valley, local ground transportation, accommodations, meals, and program fees. As with any exchange program, upon return, participants are expected to share the knowledge they learned with others in their communities and networks. All participants are expected to dedicate an agreed upon number of mentorship hours once they return. These hours can be in the form of panel discussions, workshops, direct mentoring, or other approved activities.

“Meet Silicon Valley” provides a great opportunity for you to challenge your mind-set in the fast-paced world of innovation!

READY FOR THE EXPOSURE?

APPLY NOW

Tentative Program Date: Mid-March 2022.
